

Refreshment Redefined

Aloha!

We are Smartfruit

Born in the vibrant heart of New York City, Smartfruit is on a mission to redefine what real fruit beverages should be. Our clean-label products are crafted from premium, certified Non-GMO fruit, with no added sugar or preservatives delivering the pure and authentic taste of nature. Smartfruit enables businesses to enhance their beverage menu with healthier, high-quality options that customers truly crave.

Core Values

We believe fruit is perfectly wonderful on its own and that nature knows best. This belief guides everything we do, including the way we craft our products. Made with real fruit and free from added sugars, preservatives, additives, or GMOs, each product stays true to its natural roots. To enhance the benefits even further, we boost our products with powerful functional superfoods that support optimal nutrition and a healthier lifestyle - just as nature intended.

Sustainability

We are committed to improving both personal and planetary well-being by taking real steps to reduce our environmental impact. From recyclable packaging to minimizing production waste, we design our products with sustainability in mind. By using responsibly sourced ingredients and eco-conscious manufacturing practices, we help conserve water, energy, and other vital resources. It is our responsibility to protect the planet and ensure its health for generations to come.

ONETREEPLANTED

Nature gives us so much, so we believe it is only fair to give back. In 2022, we partnered with One Tree Planted, a global organization committed to reforestation. Through this partnership, we're helping plant at least 10,000 fruit trees every year. It's our way of supporting cleaner air, stronger communities, and a more sustainable planet for generations to come.

FEED THE CHILDREN

For over a decade, we've been proud to partner with Feed the Children, a nonprofit dedicated to ending childhood hunger and poverty. Each year, we donate Smartfruit products to help provide real nourishment to families in need. Because every child deserves the chance to grow strong, dream big, and live a full life—and we're committed to helping make that a reality.

Purée Mix

Smartfruit 100% Real Fruit Purées are all about great flavor, nutrition and convenience. Smartfruit is made with certified Non-GMO ingredients, no added sugars, preservatives, artificial colors or flavors. Use Smartfruit to make Smoothies, Juices, Frappés, Ice Tea, Frozen Yogurt, Italian Soda, Cocktails, Chai, Parfaits, Garnishes and much more!

What's Trending?

* Functional Beverages

Expect to see more beverages infused with ingredients that provide specific health benefits.

* Plant-Based Options

Vegan and vegetarian options are becoming increasingly popular, with consumers seeking diverse and flavorful plant-based alternatives.

* Lower Alcohol & Non-Alcoholic Options

Demand for low-alcohol and non-alcoholic beverages is rising, driven by health-conscious consumers.

* Inventory Management

Most businesses prefer to consolidate their flavoring inventory and raw materials as much as possible with one product line, to save costs.

The Healthier Choice

In 2022, the FDA began requiring brands to list added sugars separately, giving consumers a clearer look at what's really inside. That shift confirmed what many suspected: most products are loaded with added sugar or artificial sweeteners. Smartfruit is different. With 0g added sugar, no preservatives, and nothing artificial, we stay true to the fruit, making Smartfruit the cleanest, most honest option on the market. It's a difference your customers will notice and one you can proudly highlight right on your menu.
